| | |
|---|---|
| ITALIAN | MOTHER TOUNGUE |
| ENGLISH | B2 TOEFL CERTIFICATION |
| SPANISH | A2 DELE CERTIFICATION |

## HOBBY & INTERESTS

In summer, I usually go cycling along the Adda river or mountain hiking, near my hometown. After my master laurea, I also started running with more dedication because I really believe in "*Mens sana in corpore sano*" motto.
I'm particularly interested in UI and UX and their role in everyday users life.

## CREDENTIALS

While dedicating to different projects, in Deloitte, I never stopped learning by challenging my self in new use cases, focusing on the both architectural and development aspects.
